LETTER

Dear Relocating Families,

Thank you for your interest in the **ReloCare International School Guide – 2024!**

Since 2008, ReloCare has been dedicated to helping families like yours settle seamlessly in the Czech Republic. We understand that one of the first and most important steps when relocating is finding the best school for your children, a place that meets their needs, nurtures their talents, and supports their future aspirations. We're here to guide you through every step of this journey.

The good news is that all international schools in Prague offer good education. Our goal is to help you make the best decision for your children's future.

With my experience as a mother of two children, aged 12 and 17, combined with over 25 years as an expat in Prague and 16 years of professional dedication to supporting families in making informed relocation decisions, I believe I can add significant value to your journey.

I hope this guide will serve as a helpful starting point as you explore your options.

Need more assistance? Want to learn more about different curricula, extracurricular activities, IB programs, integration processes, and more? Feel free to reach out for a one-hour consultation or comprehensive school search support.

Warm regards,
Dana Pick,

*ReloCare founder
and managing director*
